Safety Recall Notice 16S16 / NHTSA Recall 15V-246
Aviso de Revisión de Seguridad 15S16

2013 Fiesta
Your Vehicle Identification Number (VIN):

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Ford Motor Company has decided that a defect which relates to motor vehicle safety exists in your vehicle, with the VIN shown above.

We apologize for this situation and want to assure you that, with your assistance, we will correct this condition. Our commitment, together with your dealer, is to provide you with the highest level of service and support.

What is the issue? On your vehicle, it may be possible for the pawl spring tab inside one or more of the side door latches to break. This condition will typically prevent the door from latching. In certain situations, where the door is able to be closed, the door may unlatch while driving, increasing the risk of injury.

What will Ford and your dealer do? Parts are now available to repair your vehicle. Ford Motor Company has authorized your dealer to replace all four door latches free of charge (parts and labor).

How long will it take? The time needed for this repair is less than one-half day. However, due to service scheduling requirements, your dealer may need your vehicle for a longer period of time.

What should you do? Please call your dealer without delay and request a service date for Recall 15S16. Provide the dealer with the VIN of your vehicle. The VIN is printed near your name at the beginning of this letter.

If you do not already have a servicing dealer, you can access www.Fordowner.com for dealer addresses, maps, and driving instructions.
